UNI EN ISO 20347:2022 O2 FO

Model description: Women's lace-up Derby shoe, featuring a lace fastening with 4 pairs of eyelets and durable shoelaces.

Instructions for use and maintenance: It is important to keep the shoes clean at all times and to treat them regularly with non-aggressive products. Store the shoes in a clean, dry place at room temperature, away from heat sources. Each pair of shoes is packaged individually in a box and includes instructions for use together with information on the protective features.

MADE IN ITALY

Components

Upper: Upper made of water-repellent, soft, and breathable full-grain cowhide leather.

Lining: KLIMATEX lining with a waterproof and breathable membrane, featuring seams sealed with a special heat-sealing tape.

Insole: Made of antistatic fibre with high sweat absorption and moisture-wicking capacity.

Outsole: Antistatic, slip-resistant, abrasion-resistant, oil-resistant, lightweight, and flexible polyurethane sole.

Slip resistance: Compliant with the requirement of UNI EN ISO 20347:2022.

Energy absorption: Heel energy absorption greater than 20 Joules, in accordance with EN ISO 20344:2012.

Removable anatomical footbed: Anatomically shaped, removable GOODFLEX footbed.

AGO construction: Manufacturing process in which the upper, lining, and insole are bonded to the outsole using non-toxic, high-performance adhesives.
